👤 Profile

I am a highly qualified software developer with over 6 years of experience in developing desktop and web applications using various technologies.

My main programming language is JavaScript, and I am currently working as a Front-end developer. I am passionate about software development and constantly seek to improve my skills and knowledge through research and self-teaching.

I share my projects on Github as open source to not only learn and grow, but also contribute to the development community.

🧰 Professional Experience

Heybooster, Front End Developer

09/2020 – present

Technologies: Javascript, Typescript, Vue JS, Vuex, Webpack, Vite.js, Vitest, testing-library, vue-test-utils, HTML5, SCSS(CSS3), Tailwind CSS

I had the following tasks in the app.heybooster.ai.

Responsibilities

- ✓ Maintainable and sustainability of front end projects
- ✓ Creating a sustainable architecture
- ✓ Responsive Design

Responsive development of non-Responsive designs by rearranging or rewriting them

- ✓ Improving Web performance
- Improvements to improve site transitions and user experience in addition to increasing site speed
- Detecting and resolving bugs for front-end development
- ✓ Productivity Improvement
- ✓ Improving legacy code
- ✓ Correcting or rewriting codes according to clean code principles.
- ✓ Defining code writing principles to be used within the team to write code better and improve code readability and sharing them with the team
- ✓ Creating and using Vuex modules by actively using Vuex to keep data more organized and easier to manage
- ✓ Testing all improvements/fixed bugs
- ✓ Upgrade Vue v2 to Vue v3: <https://medium.com/heybooster/adventures-of-a-front-end-developer-migration-of-front-end-project-e3b949bdde90>

Free Software and Open Source Developer, Software Developer

02/2019 – 10/2020

Technologies: Javascript, Vue.js, JQuery, Python, PHP, HTML5, CSS3, Bootstrap

Development of projects using various technologies
