🪪 Profile

I am a highly qualified software developer with over 6 years of experience in developing desktop and web applications using various technologies.

My main programming language is JavaScript, and I am currently working as a Front-end developer. I am passionate about software development and constantly seek to improve my skills and knowledge through research and self-teaching.

I share my projects on Github as open source to not only learn and grow, but also contribute to the development community.

💼 Professional Experience

Heybooster, *Front End Developer* ⧉   09/2020 — present
Technologies:Javascript, Typescript, Vue JS, Vuex, Webpack, Vite.js, Vitest, testing-library, vue-test-utils, HTML5, SCSS(CSS3), Tailwind CSS
